

# InterCompany Postings for Dynamics GP

Nolan Business Solutions' InterCompany Postings (ICP) solution simplifies the intercompany process, reduces errors and saves countless hours of manual entries and reconciliations. Users are able to quickly and easily post transactions between different companies and different accounts within Microsoft Dynamics GP.

## US

1408 Horizon Ave, #201  
Lafayette, CO 80026  
P: 888-746-1373

## Canada

Kelowna, BC  
P: 250-764-9648

## ICP ADVANTAGES

- 1 Initiate transactions from any GP module using the automated account-based intercompany posting Trigger Method.
- 2 Specify destination accounts using the transaction-based intercompany posting Alternate Method.
- 3 Transfer cash, including GP Checkbook ID, between GP companies.
- 4 Superior drill-back capability.
- 5 Automatically post and void transactions between GP companies.
- 6 Supports multi-currency.

Integrate.  
Automate.  
Innovate.
