

Advanced Bank Reconciliation for Microsoft Dynamics GP

A smarter & easier way to reconcile cash, merchant gateways and corporate credit cards.

Avoid the tedium of manually reconciling bank statements and credit cards in a few simple steps

Advanced Bank Reconciliation (ABR) for Dynamics GP offers great return on investment and brings the time required for reconciliations from hours to minutes. Bank reconciliation can be tedious and time consuming, especially with high transaction volumes, multiple bank accounts or multiple currencies to be reconciled.

Key Features

View Dynamics GP GL and bank statement transactions side-by-side

Smart matching rules based on several matching criteria, including transaction groupings

Reconcile bank accounts, credit cards, and merchant gateways

Automatically reconcile imported bank transactions to posted GL transactions (with or without GP Checkbook IDs).

Auto-create/post GL journals from your bank accounts

Automated bank data upload available with Nolan Bank Feeds

Your Benefits

Eliminate the monotony of manual reconciliation
Turn the process into a few simple steps
Save time
